

CP-D2E

PREMIUM-QUALITY HOME PRINTING.

With the CP-D2E dye sublimation printer, you can print your digital photos quickly and easily from the comfort of your own home. And in the outstanding quality you have come to expect from Mitsubishi: with 16.7 million colors and 306 dpi resolution, you can be sure of vivid, pin-sharp images. Thanks to a special lamination, your prints now retain their high color quality even longer. If you have a PictBridge™ compatible camera, you won't even need to use a PC.

If you want to retouch your pictures, the "Sublime Home-PrintingServices" PC software will cater for your every need: rotating, cropping, color and brightness settings, red eye corrections and much more besides.

Weighing a mere 1.1 kg, this printer not only pleases the eye with its brilliant picture quality but also with its sleek black design. So you'll still enjoy the CP-D2E even when it's not printing pictures.

HIGHLIGHTS

- Standard photo format: 10 x 15 cm
- 306 dpi resolution
- Printing time approx. 88 seconds
- USB connection
